## Accord Hospice, Haven Health introduce new palliative suite

By Laura Singleton The Independent Nov 24, 2017

LAKESIDE — Accord Hospice and Haven of Lakeside conducted a ribbon cutting ceremony Nov. 3 to unveil their new hospice and palliative suite located at 3401 Lockwood Dr. in Lakeside.

The new palliative suite is the result of a “partnership forged from a shared commitment to exceptional patient care” between the two speciality health organizations — Accord Hospice and Haven Health. Diedra Kearney, chief operating officer of Accord Hospice of the White Mountains, speaks on behalf of all the staff saying, “Everyone deserves to be treated with dignity and compassion in a loving and comfortable environment in their last moment of life. We look forward to serving patients and families and hope the effort and commitment will be utilized for many years to come.”
